

[Installation](#) (English)

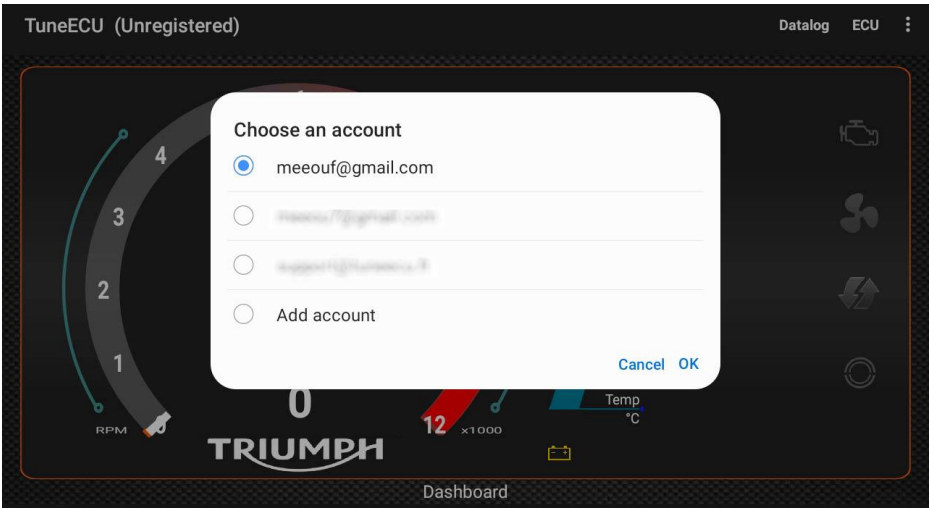

TuneECU must be downloaded from the [TuneECU](#) web site.
If you have an earlier version installed, uninstall it from your device (in Settings/Apps) and delete the users.lic file (if exists) in the TuneECU folder.

Install and open the app, read and accept the License Agreement, read and allow the Privacy Policy.
Allow TuneECU to access to all files on your device.

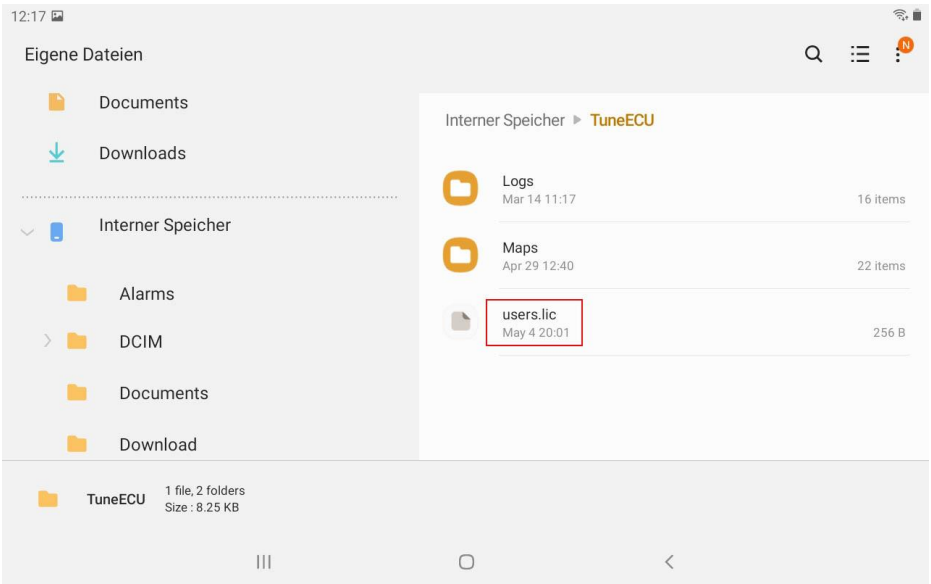

Choose your account (the account you used on your Android device)

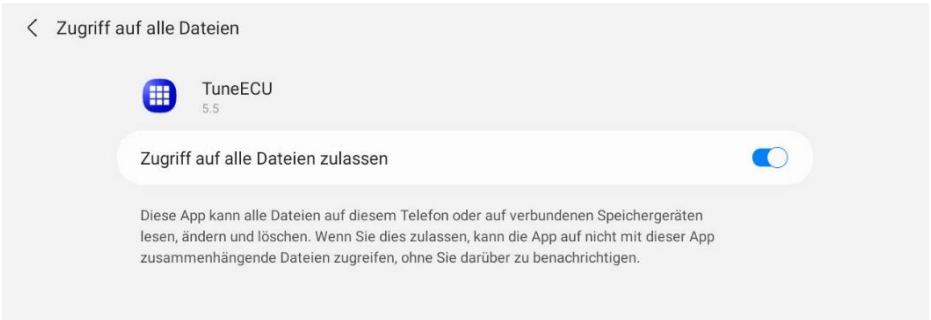

Installation (Deutsch)

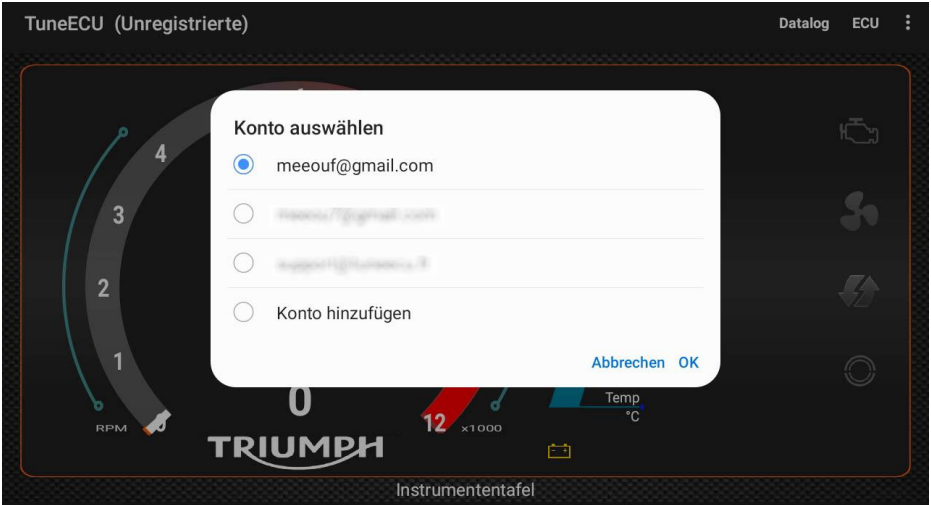

TuneECU muss von der Website [TuneECU](#) heruntergeladen werden.
Wenn Sie eine frühere Version installiert haben, deinstallieren Sie diese von Ihrem Gerät (in Einstellungen/Apps) und löschen Sie die Datei users.lic aus dem TuneECU Ordner (sofern vorhanden).

Installieren und öffnen Sie die App, lesen und akzeptieren Sie die Lizenzvereinbarung, lesen und zulassen Sie die Datenschutzrichtlinie.
Erlauben Sie TuneECU den Zugriff auf alle Dateien auf Ihrem Gerät.

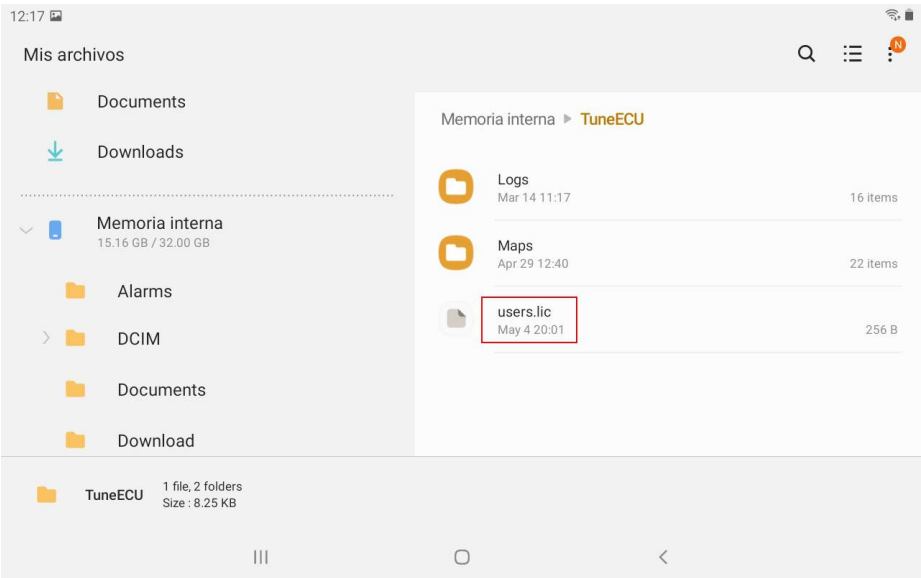

Wählen Sie Ihr Konto (das Konto, das Sie auf Ihrem Android-Gerät verwenden)

Instalación (Español)

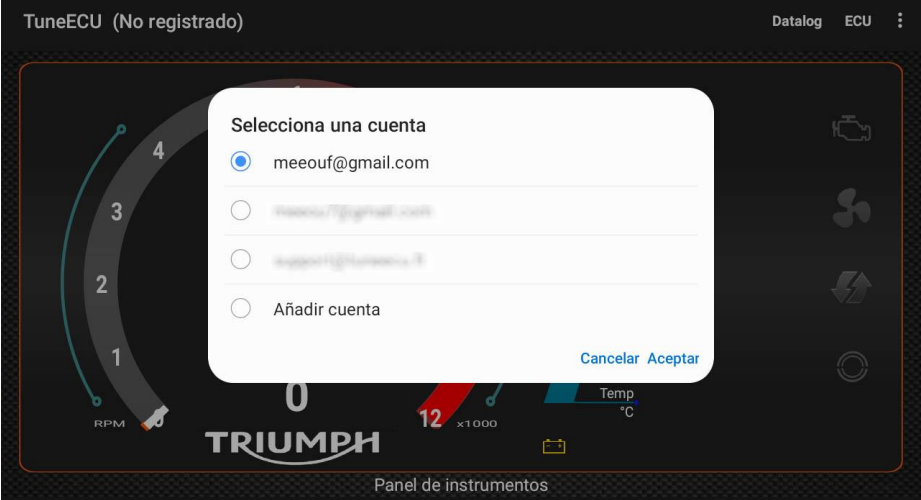

TuneECU debe descargarse del web site de [TuneECU](#).
Si tienes una versión anterior instalada, desinstálala de tu dispositivo (en Configuración/Aplicaciones) y elimina el archivo users.lic (si existe) en la carpeta TuneECU.

Instala y abre la aplicación, lee y acepta el acuerdo de licencia, lee y acepta la política de privacidad.
Permite que TuneECU acceda a todos los archivos de tu dispositivo.

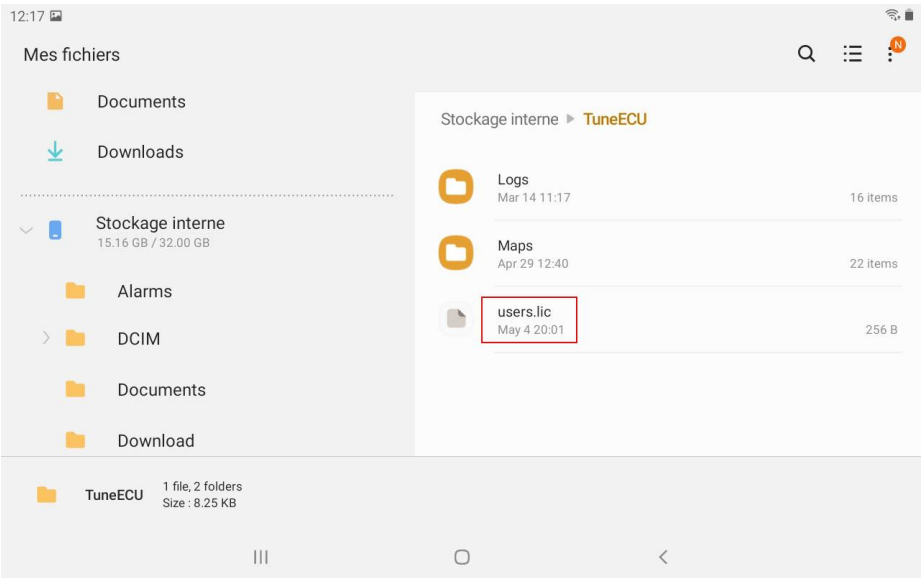

Elige tu cuenta (la cuenta que utilizas en su dispositivo Android)

Installation (Français)

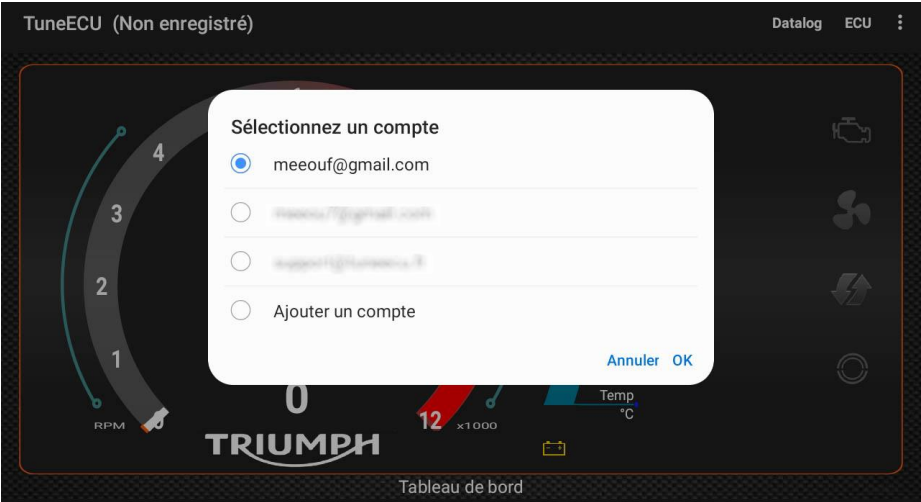

TuneECU doit être téléchargé à partir du site Web [TuneECU](#).
Si vous avez installé une version antérieure, désinstallez-la de votre appareil (dans Paramètres/Applications) et supprimez le fichier users.lic (s'il existe) dans le dossier TuneECU.

Installez et lancez l'application, lisez et acceptez le contrat de licence, lisez et autorisez la politique de confidentialité.
Autorisez TuneECU à accéder à tous les fichiers de votre appareil.

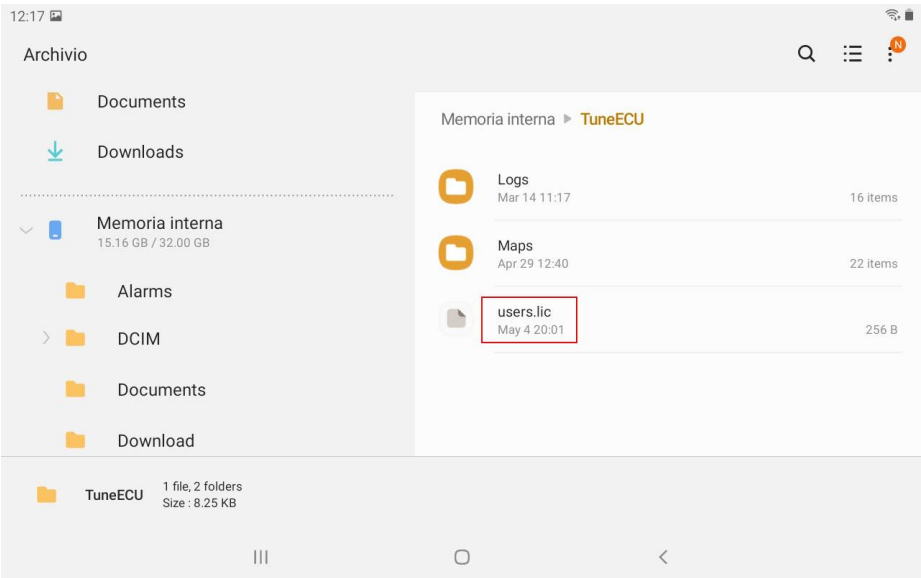

Choisissez votre compte (le compte utilisé sur votre appareil Android)

[Installazione](#) (Italiano)

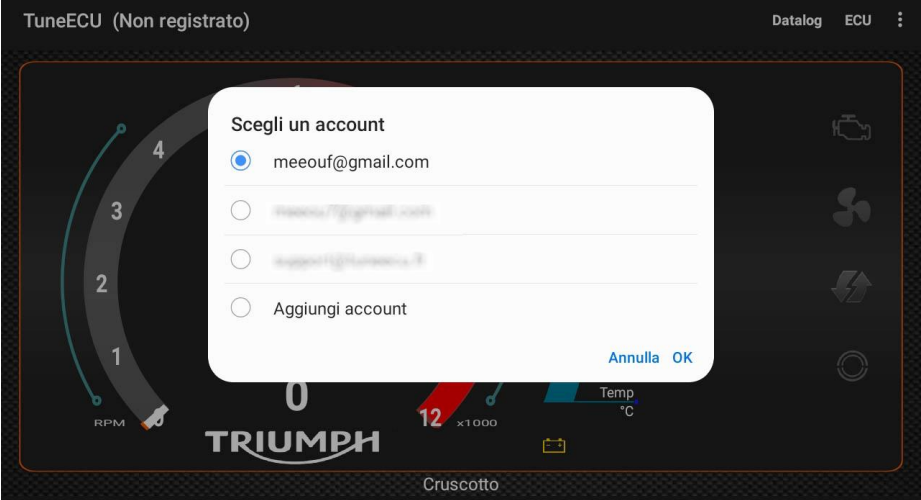

TuneECU deve essere scaricato dal website di [TuneECU](#).
Se hai una versione precedente installata, disinstallala dal tuo dispositivo (in Impostazioni/App) ed elimina il file users.lic (se esiste) nella cartella TuneECU.

Installare e aprire l'app, leggi e accetta il Contratto di licenza, leggi e consenti l'Informativa sulla privacy.
Consenti a TuneECU di accedere a tutti i file sul tuo dispositivo.

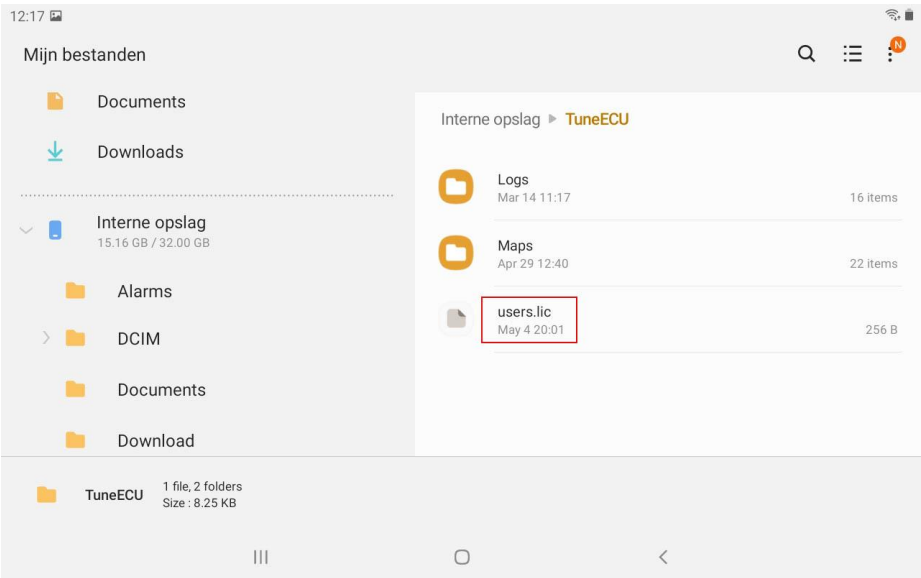

Scegli il tuo account (l'account che hai usato sul tuo dispositivo Android)

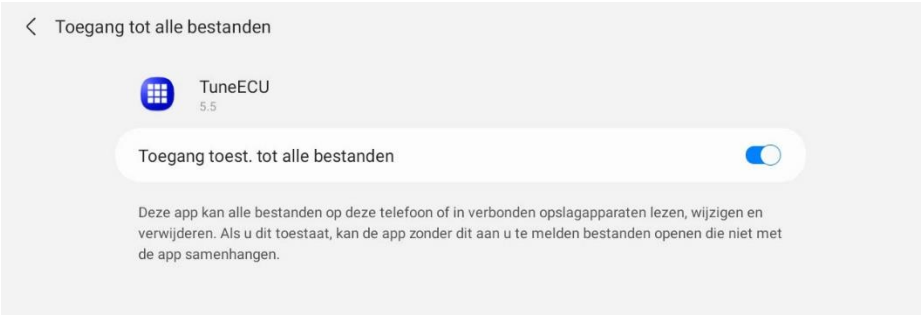

[Installatie](#) (Nederlands)

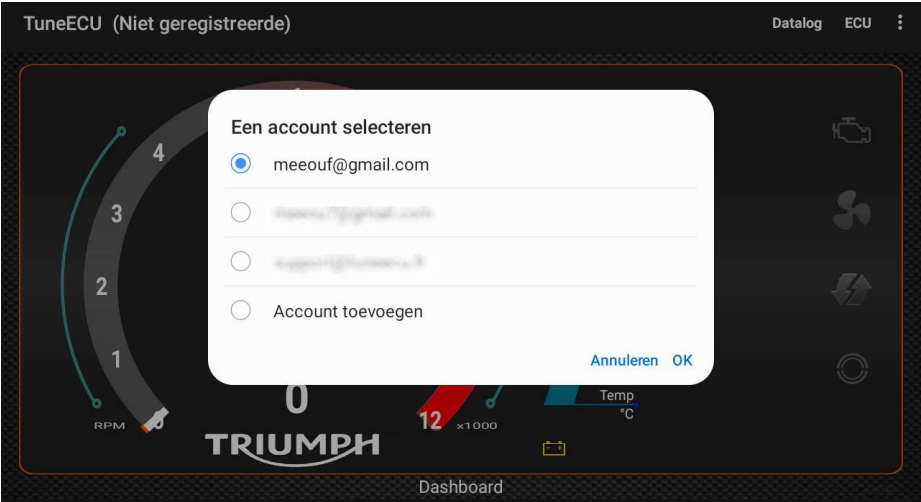

TuneECU moet worden gedownload van de [TuneECU](#) web site.
Als u een eerdere versie heeft geïnstalleerd, verwijdert u deze van uw apparaat (in Instellingen/Apps) en verwijdert u het bestand users.lic (indien aanwezig) in de TuneECU-map.

Installeer en open de app, lees en accepteer de licentieovereenkomst, lees en accepteer het privacybeleid.
Geef TuneECU toegang tot alle bestanden op uw apparaat.

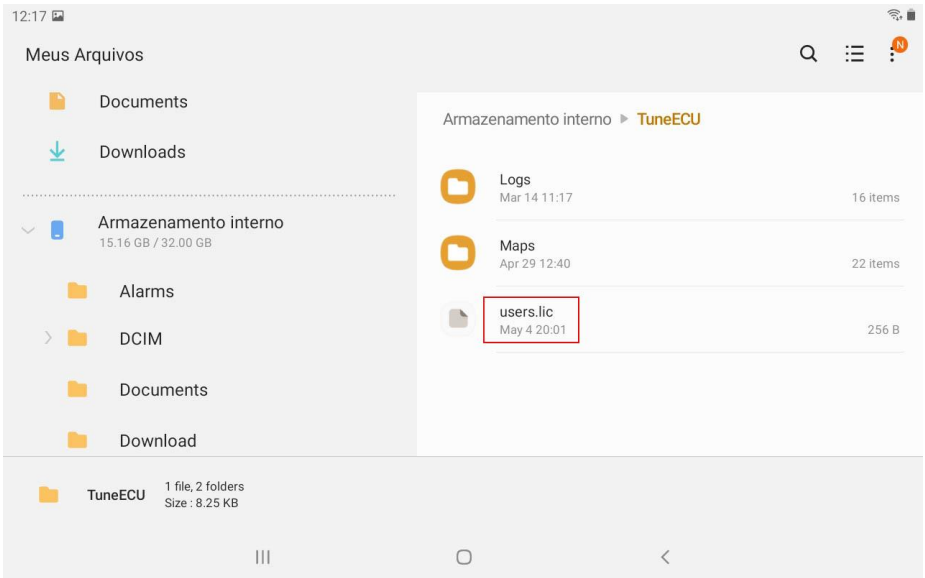

Kies uw account (het account die u gebruikt op uw Android apparaat)

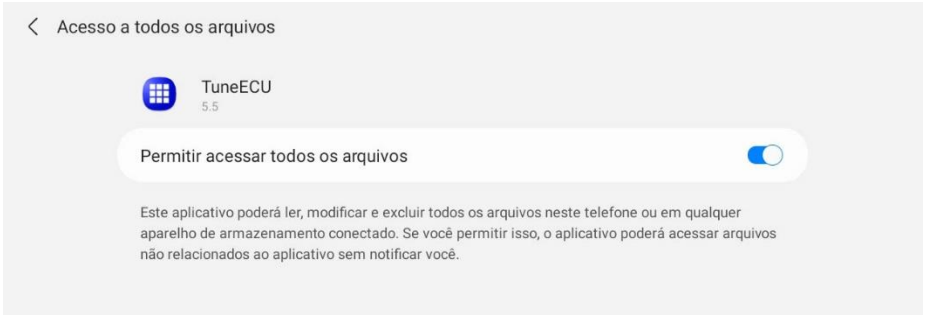

Instalação (Português)

TuneECU deve ser baixado do site da [TuneECU](#).
Se tem uma versão anterior instalada, desinstale-a do dispositivo (em Configurações/Aplicações) e elimine o ficheiro users.lic (se existir) da pasta TuneECU.

Instale e abra a aplicação, leia e aceite o Contrato de Licença, e leia e permita a Política de Privacidade.
Permita que a TuneECU aceda todos os ficheiros do seu dispositivo.
